SNSF Research Commission at the UNIL

Introduction

This commission serves as the SNSF Research Commission within the University of Lausanne. As a body of the Swiss National Science Foundation, it enforces provisions and carries out tasks stipulated in the joint regulations of SNSF Research Commissions. Its powers include:

- the award of **Doc.Mobility** and **Early Postdoc.Mobility** grants;
- the selection of phase two applications for **Doc.CH (SHS)** subsidies;
- adopting a position on applications for **Advanced Postdoc.Mobility** grants;
- informing the community of UNIL researchers of incentives offered by the SNSF and advising interested researchers.

In addition, the Commission makes institutional recommendations to the SNSF, guaranteeing the framework conditions under which research financed by the SNSF will be conducted.

Advanced Researchers' Day

Start date

23/09/2015 08:15

End date

23/09/2015 17:00

Town

SNSF Administrative Offices, Wildhainweg 21, Berne

On 23 September 2015 the SNSF will welcome advanced researchers from all over Switzerland to its head office in Berne. The Advanced Researchers' Day is aimed at meeting applicants' information needs with regard to the funding opportunities offered by the SNSF. Online Registration will be possible as of May 2015.
